Skater of the Month TRAVIS CUI

Travis has just transitioned from Jr Academy to Star in January. Travis is hardworking, polite, respectful, punctual, and motivated. He is a great team player and a welcome addition to the StarSkate program. Travis attends Gibsons Elementary School and is in Grade 4, Travis says: "The things I love most about skating are the jumps, spins and field moves. It's so interesting that the human body can do these things.

My favourite thing is the jumps because they are so intense and fun" When Travis is not skating he likes to play soccer games, or play with his friends online or at school. Keep up the good work Travis.

Spring Ice Update

We are faced yet again with the disappointing news from the Sunshine Coast Regional District that ice will not remain installed at either of the Ice Arenas this spring season. Over the past many years, SCSC Board Members have lobbied for spring ice. We have raised the many concerns over loss of training ground, the increased cost to families for travel to ice arenas off Coast, the damaging effects this has on our youth's mental and physical health, training, and competition eligibility but this important advocacy seems to fall on deaf ears. On April 4th, ice will be removed from both facilities. This decision does not have to be perpetual. Elected officials who care for our youth and their wellness, will re-evaluate this decision. We encourage all of our members to write a letter in support to your elected official.

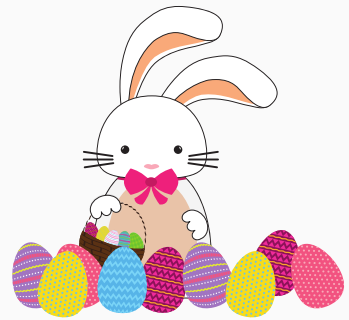

Contacts can be found here: <https://www.scrd.ca/about-the-board>

Tuesday, February 14th
5:00pm-6:00pm
Gibsons Ice Arena

It's that time of year again! The SCSC is hosting its annual Skate-a-Thon fundraiser on Tuesday, February 14th from 5:00pm-6:00pm. This event helps raise funds in order to keep programming costs at the lowest possible price to ensure equity for all families across the Sunshine Coast. Skaters from all classes are encouraged to participate. Pledge forms will be included in an upcoming email announcement.

Note: 11 laps is equal to one mile. Skaters typically aim for 5 miles (55 laps).

- Pledge forms and money to be turned in the evening of the Skate-A-Thon.

Don't hesitate to ask if you have any questions.

Thank you so much for your ongoing support of the SCSC!
